Forecast for Wednesday 21 Jul 2021

Weather: Low cloud through the early hours will burn back to the coast during the first few hours of the morning, giving a hot, dry, sunny day across most ranges. Some patchy cloud may linger through the day across eastern ranges of Aberdeenshire and Angus. Low cloud will gradually spread back west through the evening and start of the night.

Chance of cloud free mountain/hill tops above 800m: 80%.

Visibility: Poor in low cloud early morning and late evening. Otherwise good, although distant hills rather hazy. Cloud down to 500m early morning, extensive in the east, clearing by late morning, but returning in the evening.

Met Office Aberdeen Meteorologist's View
Munro tops may be above the low cloud early morning and in the evening. High UV levels and hot temperatures for the next few days, giving a risk of heat exhaustion. Sun protection recommended.

Forecast for Thursday 22 Jul 2021
Weather: Low cloud overnight and early morning soon burning back to the coast again to give another hot dry day with plenty of sunshine. Cloud again spreading west in the evening.

Maximum wind: Light and variable.

Chance of cloud free mountain/hill tops above 800m: 80%

Visibility: Very good, although poor in low cloud early morning and late evening. Cloud bases around 400-500m, most extensive in the east. Patchy cloud may linger through the day on some eastern most hills.

Temperature: **Glens:** Plus 14 Celsius rising to 21 Celsius
At 800m: Plus 11 Celsius rising to 18 Celsius
Freezing level: Above the summits.
